

Dear Board of Directors Youth Exchange Student

In this month on the first friday 7th October everytown in my state, they have they own first friday festival and I had decised to went to Doylestown with Leigh and some of an exchange students that lived not so far than me, In Doylestown they celebrate by dresses up fancy, painting their face etc. And all of us (France, Turkey, Brazil, Spain,Thailand,Bosnia) decided to catten dinner together at some of the Italian store in Doylestown and talked about the school life friends etc.

(Turkey, Brazil, Bosnia,Thailand,France)

Another picture before we gone to back home ;)

Then in Sunday 9th I had advite to went to my friend birth day party, we have a lot of fund activitied with new friends ex. Hayride, painted Halloween Pumpkin .

And in Monday 10th I had met my counselor finally I had met him, it looked like so long time no seen him. He is very kind man and he known that he doesn't responsibility me since I come here. So, he really apologize me, and I very confuse that why he have to apologize me because I know that he kind of busy so much. But anyway now everything is very perfect .

Saturday 15th Fall Festival in my school they have Fall festival that opened for the clubs in school to made their activity and I had signup in three clubs is foriegn Alliance, Environment, AID. So I have to runed around fall, it's very tried but still have fund. I have made Chickens Coca-Cola for sell in this Fair too, and my chickens had gone in one hour made me so pround so much. when we finished Fall Festival we have to went to The Rotary activity .

**Right: The Pedals for Progress Project collected used bikes and sewing machines on Saturday. Money is still needed to ship the items to third world nations.**

Second Orientation

October 21-22-23, 2011O livet Blue Mountain Camp1540 Mountain Road, Hamburg PA

**The Top of Hawk Mountain !!! All of us have to cliambling**

**The way to Cliambling**

**Last Day Made Pumpkin !!**

The funny thing in this Orientation is when we had to walked and cliambling to the top of the mountain, Spanish girl she always complain or said that "why we have to come to the horrible place like this, if some of us fall down and died, what we gonna do!! " In the true way it's noway that the rotary will bring us to the dangerous place, so this is kind of joke for us so much.

## 28th October Halloween Party

Some of us decide to meet each other again so we choose the day before Halloween day to make a Halloween Party in Newjersey and another distric we have to dress up and painting like me in the picture. I dress up to be pirate . And in this party we have a change to met new exchange students from this distric too  
so it's very perfect time to have fynd and met new people in the same time.

In the morning of Saturday we went to Bowling and the outside the weather is start to snow, some of us never see snow before (and me too) so we are very excited so much and went to outside to paly to snow and do the crazy thing like we never seen it before. And when we cameback to home the badthing had happen, the tree were falled down in we are house so the power were cut, no power, no light ,no heater. and it is snow outside and start to got cold. we have to sleep by don't have a heater and water but this time is a new experience for all of us and will never forgot it :(

I just got the power back yesterday around midnight, so today I hurry to sent it to you, I'm so sorry to sent the report late.

Best Regard  
Meily (Rujiyapa Wiyo)
